Docket No. 98-N-1265
Food and Drug Administration
5600 Fishers Lane Room 1061
Rockville, MD 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

Comments: Please don't pass a law that would prevent me from getting these natural hormones. No pharmacy like this exists in St Louis. I tried dozens of synthetic hormones after a premature menopause. Their side effects were intolerable for me. This pharmacy & their products gave me my life back. Help the little guy win this one.
